

Utilisation du logiciel Audacity

logiciel gratuit (windows+mac)

1. choisir un son et le glisser depuis une fenêtre dans Audacity

The screenshot shows the Audacity application window with the menu bar (Audacity, Fichier, Edition, Affichage, Transport, Pistes, Générer, Effets, Analyse, Window, Help). Below the menu bar is a toolbar with various icons. A file browser window is open, showing a folder named 'Anthony' with several audio files: 'alessandro', 'alexandre', 'Anthony', 'Elie', 'Kenny', 'Merik', 'cherie fm.aif', 'france inter .aif', 'fun radio.aif', and 'rnc.aif'. A red arrow points from the text '1. choisir un son et le glisser...' to the 'france inter .aif' file in the browser.

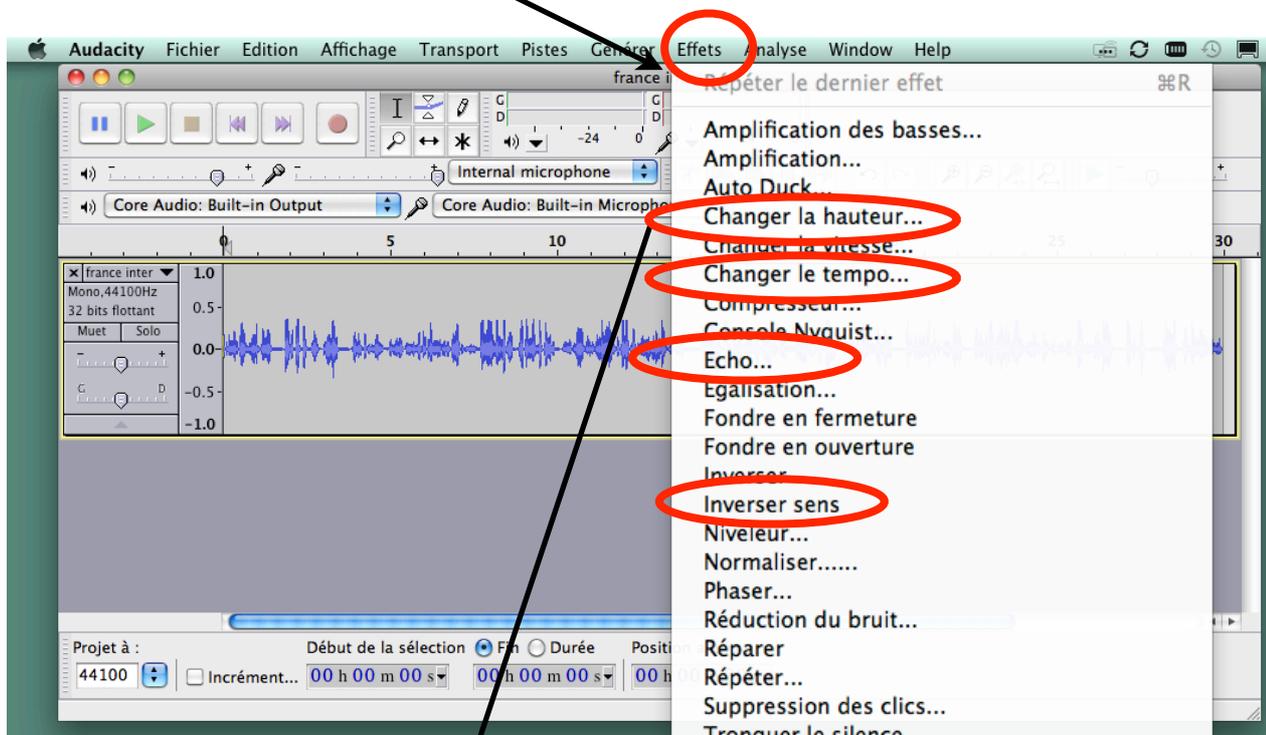

1. choisir un son

2. couper, coller

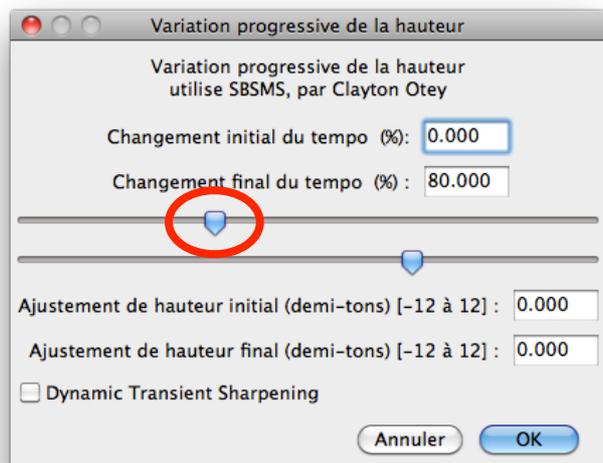

3. transformer

The screenshot shows the Audacity application window with the menu bar (Audacity, Fichier, Edition, Affichage, Transport, Pistes, Générer, Effets, Analyse, Window, Help). The 'Fichier', 'Edition', and 'Effets' menus are circled in red. Below the menu bar is a toolbar with various icons. The main workspace shows a waveform of an audio file named 'france inter'. The status bar at the bottom displays 'Projet à : 44100', 'Début de la sélection : 00 h 00 m 00 s', 'Fin : 00 h 00 m 00 s', and 'Position audio : 00 h 00 m 00 s'.
